Snake River Stampede
Youth Foundation Presents:

The Calf Scramble Program

★ More Than An Event ★

An investment in our
youth and the future
of Idaho Agriculture

The Legacy of Our Heritage

Calf Scramble

The Event

The Calf Scramble event was established in 1999 to encourage free enterprise, responsibility & educational opportunity for the youth of the Treasure Valley.

Each Calf Scramble event involves 20 young people competing for the chance to catch one of 10 calves released into the arena. The calves must be caught, haltered and led across the finish line to be declared a winner.

The winners each receive a \$1,000 certificate towards the purchase of a purebred beef or dairy heifer.

Local 4-H and FFA leaders assist the winners in raising their heifers.

The winners are then required to return to the Stampede the following year to compete at the Calf Scramble Livestock Show. They are also encouraged to show their heifer at other breed shows and county fairs.

The Program

An opportunity for our youth....

With the support of our sponsors & friends, the young people are encouraged to:

- Compete with peers for an opportunity of animal ownership.
- Take responsibility for the care & companionship of an animal.
- Communicate progress to the sponsoring parties & Calf Scramble Committee.
- Mentor younger 4-H & FFA members.

This program works in partnership with established 4-H & FFA clubs, encouraging the participation of High School students in agricultural projects.
